Subject Line: Virtual summits hosts and radio shows are looking for you!

Your voice is your ticket to connecting with your next client.

People need to hear you!

For the past 10 years, my friend and colleague Jackie Lapin has made a living by booking transformational leaders and authors on radio shows and virtual summits.

In fact, she's build the world's largest list of personal growth radio shows so that she could give her clients a real opportunity to deliver their message to the world in a big way.

But she's just one person, she just can't do this for everyone.

So she's doing something radical!

She's turning over some of her best contacts to you.

She's created two special Tip Sheets:

- **SpeakerTunity Radio Insider™** —which feeds you 12 transformational radio shows from her proprietary list every two weeks (24 per month), complete with contact information for the host or producer. This covers broadcast, satellite, podcast and internet radio shows.
- **SpeakerTunity Summits™**--which provides a monthly update on which virtual summit hosts are looking for or are open to new guest presenters...and their contact information as well.

There's no guess work with these...We know these hosts like to feature changemakers...

They're the connections and resources you can use right now to be successful!
