Summits Open for New Guest Presenters

Super Power Secrets Summit (New)

Time Frame: Ongoing, but still looking for presenters

Host: Mand Fernandez, 424-242-5572, mandyfernandezinc@gmail.com

Subject Matter: The theme of this summit is about showing our women how to go deep within, and find their special gift, their special skill, talent, their purpose and how to create an extraordinary life using their super power to create happiness, love, and abundance. This summit is essentially sharing those moments in time, those brave decisions made, to have all of the things. This summit should be fun and easy to consume for the spiritual women who are right on the precipice and the edge of an up-leveling, but still have fear in moving forward with that calling in their hearts. The goal is to show these aspiring and budding entrepreneur women, that you can follow your heart, and still incorporate spirituality into the mix. That there really is NO DIVIDE in the two. I'd love to paint the picture of your story of a woman who once felt ordinary, but somehow chose to be courageous to become extraordinary. And how we all need love, encouragement and support to get there! I've selected three specific topics that I know many women have questions and holdups around in their current lifestyle. The three I have chosen are "Happiness", "Love", and a "Purpose-Driven Business", yet specific to mindset building and spirituality growing, while segueing into how to enter the entrepreneurship world. I believe the mind (courage), spirit (trusting God & Higher Power), & getting compensated while developing ourselves (self-growth & worth) and living a life we design (power & choice) are the foundation to helping to create a better world and future for the generations to come. Life is full of magic and miracles, and we each are born with a Super Power that needs expression. We were made to help one another and pave the way as a community together. Community-made is the new Self-made! <https://mandyf.co/SPSSHP>

Requirements: Be a woman that is a full time entrepreneur that synergizes mindset and spirituality and fuses those into her business. Believes that she is answering her calling and in the active stages of stepping into her purpose, which is her business. Is at a minimum in a mid-level stage in her business. I want to ensure I am indeed bringing on board women who are experts in their field, because the aim is to show our soul sisters that there are loving, spiritual, kickass business babes, trail blazing for them! See the following requests please-- A standalone email list of 5,000+ OR a minimum social following of 10,000+ OR a combination of 1,000+ email list with a minimum of 5,000+ social following. You can combine ALL your platforms to

meet the social media requests. :) Be open to sending out a solo email, an email newsletter blurb, and a social media post across your platforms.
