Coherence Leadership Conference Online

Date: Ongoing

Host: One Party USA

Subject Matter: Coherence refers to parts unified into a whole. We see that all leaders have three main energy that affects their leadership - WISDOM, LOVE, and POWER. These energies source from the HEAD, HEART, and BELLY respectively. People improve their leadership when they can actively engage the various energetic centers in their body that enable these capacities. Coherent leadership occurs when a person is in a conscious, integrated relationship between their head, heart, and belly - their wisdom, love and power. We train as a group monthly to cultivate these energetic dimensions of our leadership and as we do that communally, we increase the coherence of the leaders with each other as well.
