Nathan Riddle has over twenty years' experience working with students, parents, and teachers as a former Teacher, Dean of Instruction, and Secondary Principal. Whether leading a district wide planning committee or working as a one on one coach, Nathan Riddle will always be a teacher. Nathan believes that life changing principles taught by those in the past can shape a better future for our world. Using the time honored teachings of Zig Ziglar, Nathan is committed to effectively bringing these concepts to the present generation to give hope to future generations and help them to understand and reach high levels of achievement.

Nathan's engaging presentations include a variety of teaching methods to draw in the attendees: story telling, use of music and visuals, participation and hands on activities. Audience members have fun learning his message and are inspired to do more long after the event is over.
