

Tami Gilbert

Courage to Persevere - A Compelling Story of Struggle, Survival and **TRIUMPH**

Imagine sleeping alone in a cold, dark basement with no heat, and without a father or mother to care for you.

Desperate situations call for desperate measures. Tami Gilbert was born and raised in Nigeria (Africa) - where at the age of 8 her father abandoned her, and not long after, her mother did also. Cared for by relatives, she finally left Nigeria at the young age of 15, thinking she would be joining her father in the US, only to find herself in that cold basement, all alone. Tami had a decision to make: either to despair and accept fate's cruel blows, or to fight her way back.

Never one to give up, Tami worked two and often three jobs to pay for her nursing degree, and her Master of Science in nursing. ***Her perseverance and tenacity is a true story of life-changing courage which Tami shares with others to encourage, edify and embolden them toward a life of fulfillment and contentment.*** "Anything is possible - if you believe," is Tami Gilbert's call to action. She is a sought-after speaker and presenter. Her book, *Courage to Persevere - a Compelling Story of Struggle, Survival and Triumph* is available on Amazon.com and at www.tamigilbert.com.

Tami is available to speak for:

Professional Conferences/Summits, Exclusive Professional Women's Networks, National Consult of Women's Organizations, Professional Women's Clubs and Networks, Shelters For Women, Colleges and Universities, etc.
