CODEBREAKER: Discover the Password to Unlock the Best Version of You **Book and Journal**

By Sandra and Daniel Biskind

Sandra and Daniel Biskind are World Renowned Transformationalists

**Get the Specific Keys to Undue Your Own Self-Entrapment, Recoding Your Unconscious
and Your DNA to Accelerate Your Ultimate Personal Evolution**

Learn to Master Your “Ego-Puppy!”

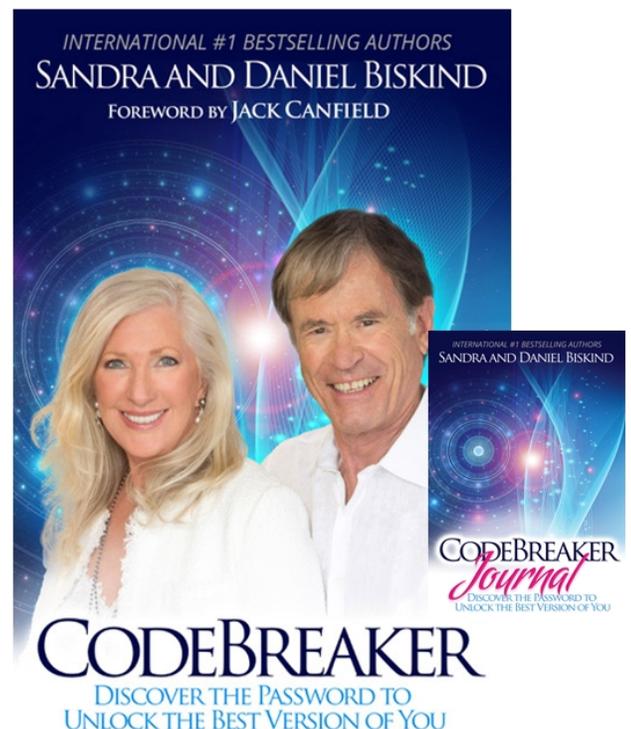

Jack Canfield has so embraced the work of Sandra and Daniel Biskind that after working with them personally he brought them in to engage with his entire staff, calling the results “truly life changing” and “magical.” International business leaders, spiritual luminaries, female icons and celebrities sing their praises...

But it’s their extraordinary work as Codebreakers that is serving not only the elite, but the *everyman or women* who is suffering in physical, emotional, psychological or financial pain.

These international bestselling authors, speakers, trainers and healers have finally committed their full decoding process to paper in their new book ***CODEBREAKER: Discover the Password to Unlock the Best Version of You***, and its perfect companion, ***The CODEBREAKER Journal***. These go straight to the heart of recoding what blocks us from realizing our optimum life.

They ask: “Imagine if we could eradicate the war between the ego mind’s unconscious priorities and the soul’s desire to be whole—to be the best version of who we are?” And indeed, they have done it!

After decades of research and development, the Biskind’s have deciphered the code to living as high frequency beings, set free from the unconscious programs that derail our success and desires.

They guide readers on how to achieve a **PLATINUM** Life, integrating the following elements into their lives effectively and permanently, using specific tools, techniques, deep penetrating questions, meditations and more for each one:

- **Peace**
- **Love**
- **Awareness**
- **Trust**
- **Integrity**
- **Neutrality**
- **Unity**
- **Mindfulness**

Perhaps the most transforming of these is Neutrality, in which Sandra is regarded globally as a Master. Neutrality erases the emotional charge that triggers you to react from previous memories and programs—freeing you from repetitive sabotaging behavior or physical pain. The Biskind's Quantum Neutrality method creates instant detachment. And the result is often complete change in circumstance, lasting a lifetime.

However, a key to sustaining PLATINUM success is *taming and training* your "Ego-Puppy" and the Biskinds delightfully and humorously address these training tips throughout the book.

Interwoven with jaw-dropping personal stories, the accounts of miraculous life transformations by those who have worked with the couple, and the science that supports and documents this, **CODEBREAKER** is an all-encompassing cipher to the hidden and locked parts that have had you entrapped.

Remarks Canfield, who also wrote the foreword to the book, "They are the real deal, and I *highly recommend* them and their work. It is **transformational wizardry** at its best."

Incidentally, the book is encoded with high frequency energy and those that hold it often experience a sudden jolt in heightened awareness. Indeed, the book has a humorous cautionary note: *Spiritually intoxicating. Do not drive or operate heavy machinery under the influence of this book!*

CODEBREAKER: Discover the Password to Unlock the Best Version of You is available in hardcover (Retail \$37.00) and softcover (Retail \$29.55) from Amazon.com and BarnesandNoble.com. It is also on Kindle for \$9.99. **The CODEBREAKER Journal** can also be found on the same websites for \$27.95.

What They Are Saying

CODEBREAKER is spirituality made practical. Its system can instantly shift the unconscious thoughts people harbor in the unconscious – which are the most insidious cause of failure – and make those shifts sustainable. Learn to identify and neutralize your dysfunctional codes and YOU become a codebreaker. The result is freedom, like karma washing off your body. You will be empowered to manifest your heart's desires and in essence have the "secret password" to enlightenment. – Jack Canfield, co-creator of *Chicken Soup for the Soul* series and *The Success Principles* and featured teacher in *The Secret*

Sandra & Daniel make a beautiful distinction between the ego and the Divine Self and then they do more. They actually give you the direct experience of that so you can put your ego mind aside, you can say "Sit", and it will sit. And with it quiet, something deeper emerges to the fore...Your Divine Self.

As you continue reading, the high frequency of their work works on you, gently, quietly, clearly, so that more of the self you want to be in the lead comes out.. It's a glorious feeling. Every cell in my body knows spiritual nourishment *is* happening. Then Sandra & Daniel habituate you to this 'home frequency' of the Divine Self so you become a beacon to others helping them undergo the same process, thereby feeding others and you as well.

Buy three copies of this book – one for you, one for someone in your life right now who needs it, and one for someone who is coming into your life who will need it. Your Soul and their Souls will be grateful. – **Martin Rutte, Founder of Project Heaven On Earth**

As President of the Canfield training group and past president of Chicken Soup for the Soul I have published 230 books in my day and I'm telling you this book is awesome! It's called *CODEBREAKER* and it's by Sandra and Daniel Biskind. They are the secret sauce to my success. If you feel stuck or scattered or you're just totally frustrated and you're just not getting to the place you want to be – buy this book! It's going to change the game completely. Jack and I use them, they are our personal confidantes. They coach us all the time and they have given us more information, and helped us with more breakthroughs than anyone we have worked with. So make sure you don't miss out and get Sandra and Daniel's book. You will absolutely love it.- **Patty Aubrey, President of The Canfield Group**

By any measure, this book is destined to make contributions unmatched in such areas as love's importance, power, jump-starting the process, rating your state of love, and how to become the best version of yourself...And more good news: the book flows like a beautiful poem. It is at the same time impactive, instructive, surprising at times, profound, and yet easy to read and fun. My advice is to bask in the sun and LOVE that flows from the book into your heart, and learn how to let it flow from your heart into other hearts. You will love the experience.
~ **William Bryant, Former Chairman of the Board, American Chamber of Commerce Executives**

For all my life I have been uncomfortable expressing love to the people closest to me. There has always been this resistance to express the one emotion that is the essence of our existence. As a result, there has always been this hole in my life that I ignored and that has denied me the depth and richness of life I deserve. Sandra, in just three sessions, nailed what had happened in my past and knew what was preventing me from being the person I so desperately wanted to be. She has a rare gift and talent to pick up what the blocks are and how to resolve them. As a coach for Tony Robbins and with many mentors in personal development, I know for a fact that very few have this ability. After working with her, I feel more at peace with myself and know that I am now on track to express and experience more love in my life. ~ **Gary Rush Anthony Robbins Business and Success Coach**

CODEBREAKER comes straight from the heart and is written so deceptively simply. I am sure that people reading it will absorb the words on a very deep level without even realizing the changes the words will be making in their lives! Thank you both for your dedication to humanity and for your ever-present, loving connection.
~ **Alison Quedley, Former Publisher and Editor "In Touch" magazine**

I've worked with a lot of healers, but rarely do I meet one who is as quick to the heart of the matter as Sandra. In a matter of minutes, she was tuned into the core issues I was dealing with and the root causes. A few minutes later, I could feel a tangible shift, like a weight had been lifted and a new level of energy had been opened. Something was palpably different about me—and all of this in minutes, not months! I look forward to what's possible with her incredible work, and encourage anyone struggling with issues (especially the seemingly unsolvable ones) to experience this for themselves. ~ **Derek Rydall** *Transformational coach, best-selling author of "Emergence" and "The Abundance Project"*

You know about the power of positive thinking, but do you know exactly HOW to apply it to your life? If you don't, then *CODEBREAKER* is the book for you. This isn't just a book; it's an inspirational guide that gives you eight principles to follow that will clear what's blocking you and bring forth your best. I embarked on this path myself after reading *The Secret* in 2014, and feel that *CODEBREAKER* is the 2.0 version that took me the step beyond that I needed. An excellent, inspirational, and helpful read that will become a "go to" guide that everybody can benefit from! -- **Sherri Fulmer Moorer**

More on **CODEBREAKER**

Did you know you have unseen codes in your DNA that are controlling your life?

YES. The way you repel or attract relationships, the way you maintain or push away someone you love, how you feel about yourself, your motivation, your energy & zest for life and even the level of success you'll allow yourself.

What if you could uncover these hidden codes that have been running your life and neutralize them once and for all?

You CAN!

Sandra and Daniel Biskind are International #1 Bestselling Authors, Speakers & Spiritual Teachers who for decades have been transforming the lives of Global award-winning business owners and spiritual leaders.

They are Jack Canfield's energy shifters of choice and now YOU can experience the depth of their work that takes these codes locked in your DNA, trapped in programs within your neural pathways, and finally get yourself free – without having to pay thousands for one-on-one but instead, through experiencing their revolutionary book that shows you step by step what YOU can do to unlock the best version of YOU...right away. There's healing and high frequency energy even encoded within the book itself.

Their legacy work, ***CODEBREAKER: Discover The Password To Unlock The Best Version Of You*** reveals a system that helps explain the mind, body and soul connection. As you read through and absorb the PLATINUM password you will experience deep and meaningful shifts and feel like the book is speaking directly to you.

Get yours NOW so you too can become a high frequency codebreaker and breakthrough your unconscious mind that has been running your life – to being free to have what you want.

Finally call in the love of your life, or shift your relationship or feel happy and alive, on fire with purpose once and for all. Now with CODEBREAKER, YOU decide. YOU create (not your hidden programs running the show).

Here's to living your ideal life NOW....

Law of Attraction masters and experts acknowledge that limiting beliefs routinely sabotage successful use of this universal law, continually frustrating the efforts of people to manifest their hearts' desires.

Even after dozens of personal growth trainings and huge investments in coaching and therapy often unconscious beliefs persist in undermining people's highest goals and aspirations.

These often show up as “unsolvable problems” — patterns that repeat and can't seem to be broken.

While CODEBREAKER contains invaluable information, Sandra and Daniel emphasize that it is your experience in using and embodying these concepts that matters — not simply learning more information — that is the key to effective and sustainable transformation. In fact, you probably already have the tool set, skill set, and conscious mindset you need to be successful but you can't make optimal uses of your resources (both inner and outer) because of blind spots — which we ALL have — that hide dysfunctional programs in the unconscious.

You are invited to absorb and enjoy this life-changing system in your everyday life.

CODEBREAKER contains stories that are original and insightful as well as entertaining and engaging that help you apply the insights in your own life. They serve to make this new thought system “bio-available” as part of the process of empowering you to reduce and eliminate friction that results from sabotage programs running unawares.

Deeply spiritual and at the same time, fun and practical. Making sense of the mystical and magical, CODEBREAKER will change your life with measurable shifts that you can monitor in your CODEBREAKER Journal.

Are you ready to get to know and love the most important person in your life?

Then you are ready to go on the exciting journey into your unconscious, change your code and live as a magnetic, high frequency being. You will not be alone, Sandra and Daniel are committed to being with you every step of the way.
